

It Makes You Wonder

The woman
in front of me
in the check-out line
at the supermarket
has three items
in her shopping cart:

a quart of organic
 grapefruit juice,
two loaves
 of Wonder Bread,
which makes me wonder: Who
is this woman, what
could she possibly
be thinking?

What are the simple things
 in life
that make you wonder?
Don't you think
it would be interesting
to compare our lists?
