

## Resurrection

For winter's tree,  
    the waxing days;  
for desert's roots,  
    a deluge long delayed;  
for me,  
    your words, whispering  
    their secrets to the page;

and trust casts off  
its dusty, cold cocoon,  
hoping once again  
the green will last.

Steve Bloom  
April 2007.
